There are wise men in the east who are captivated by a star and the prophecies of ancient past. They are wealthy. They are wise. They are dedicated to their task. They seek a baby, one who has been promised to change the world as they know it. But where is he?

There is a king - one who rules with pomp, majesty and power. He is celebrating the birth of his son and heir – the one who will be the new king. It is his birthright. His honour. His heritage. It is no surprise that elite scholars from distant lands would seek him out in order to offer him gifts and bow down to him. But it seems they are not sure.

And then there is the young couple from Nazareth, forced to travel to an unknown land sharing a secret they feel is only known to them. But is it?

Three kings.
 Each has a claim on history.
 But which one is the real king?

Loxton's highly acclaimed and award winning Little Town celebrates 20 years with an all new production in 2019. Once again audiences will be captivated by the story of the nativity through the eyes of the people who were there at the time (and some who weren't), allowing them to experience all of the humour, emotion and majesty of an event which ultimately changed the world.

Seven performances will be held over two weekends in St Peter's Lutheran Church in Loxton. An expanded market place before and after each show with quality coffee, food, produce, craft and street entertainment will all add to the Little Town experience.
